

Serhii Protsiv

QUALITY ENGINEER

I am a skilled Automation Test Engineer with more than four years of professional experience. With a good understanding of the fundamental testing principles, software life cycle, and design techniques, I can create various types of automated tests. In addition to that, I was engaged in back-end development for about 1 year. Being a persistent, punctual, and hard-working team player, I am eager to face challenging tasks and obtain new knowledge.

INDUSTRIES	Retail and wholesale, distribution, computer software.	
CONTACTS	Phone: 0632245207 Skype: protsiv55380 Email: sprotsiv55380@gmail.com LinkedIn: https://www.linkedin.com/in/serghii-protsiv-6a358912b/	
TECHNICAL SKILLS		
GENERAL	PROGRAMMING LANGUAGES	C#, WPF, .NET, ADO.NET, Java (basics), Python (basics)
	FRAMEWORKS	.NET Framework 4.0, Entity Framework
	MARKUP LANGUAGES	HTML5, CSS3
	OS KNOWLEDGE	MS Windows 7/8/10, Linux/Unix (basics)
	DATABASES	SQL, MS SQL Server, MS SQL Management Studio, MySQL (basics), MongoDB
	SOFTWARE DEVELOPMENT METHODOLOGIES AND PRACTICES	Scrum, Pair Programming
AUTOMATED TESTING AUTOMATED TESTING	SERVICES TESTING AND PERFORMANCE	JMeter, Jenkins, Bitbucket, Zefir
	TEST FRAMEWORKS AND STATIC CODE ANALYSIS	NUnit, TestNG, MSTest, HttpClient
	CI AND BUILD SYSTEMS	Travis CI
	CLOUD SYSTEMS AND SERVICES	Browserstack, Azure (basics)
TOOLS	VERSION CONTROL TOOLS	Git, TFS, SourceTree
	VIRTUALIZATION TOOLS	MS Hyper-V technologies
	MOBILE TESTING TOOLS	Appium, Selenium for mobile, UI Automation for iOS
	WEB PERFORMANCE TESTING	Selenium, WebDriver
	TEST AND BUG TRACKING TOOLS	Jira
TESTING TYPES AND DOCUMENTATION	TESTING TYPES	Functional Testing, Integration Testing, Load Testing, Regression Testing, Smoke Testing
	TEST DOCUMENTATION	Test Plan

EXPERIENCE

WEBSITE FUNCTIONALITY

Customer: A US-based company

Project description: Our team develop and support functionality for the website for an health insurance web site.

Team size: 25 team members

Involvement duration: 2 years

Role: Middle Test Automation Engineer

Responsibilities:

- Develop automation tests for insurance system.
- Created API and UI tests.
- Created load tests.
- Supported more than 6000 API and 1000 UI tests.
- Made jobs on Jenkins.

Tools and technologies: Jira, Jenkins, Bitbucket, Zefir, .NET Framework, Selenium WebDriver, MongoDB, Python, MS SQL, Git, Nuget.

NEW WEBSITE FUNCTIONALITY

Customer: A US-based company

Project description: Our team developed new functionality for the website for an online weapon store.

Team size: 11 team members

Involvement duration: 1 year and 2 months

Role: Middle Test Automation Engineer

Responsibilities:

- Developed automation tests for the payment system.
- Created regression tests.
- Added tests for API calls.
- Created load tests.
- Created mobile tests.

Tools and technologies: Jira, MySQL, Google Docs.

PRINTED CIRCUIT BOARDS TESTING

Customer: A US-based company

Project description: The main objective of the project was to test printed circuit boards (PCB). During this time, I performed shallow, mobile, and API testing.

Team size: 30 team members

Involvement duration: 1 year and 5 months

Role: Junior Test Automation Engineer

Responsibilities:

- Developed automation tests for the payment system.
- Created regression tests.
- Added tests for API calls.
- Created load tests.

Tools and technologies: .NET Framework, Selenium WebDriver, ADO.NET, SQL, MS SQL, Browserstack, HttpClient, TFS, MSTest.

UNIVERSITY MANAGEMENT SOFTWARE

Customer: A Ukrainian company

Project description: The aim of the project was to develop university management software.

Team size: 7 team members

Involvement duration: 10 months

Role: .NET Developer

Responsibilities:

- Developed libraries.
- Worked with databases.
- Worked with WPF.

Tools and technologies: SQL, MS SQL Management Studio, WPF, Unit Testing, .NET Framework 4.0, Entity Framework.

CERTIFICATIONS

- NUnit, Udemy.
- .NET, Main Academy.
- .NET, Sololearn,.

LANGUAGES

- English—intermediate
- Ukrainian—native

EDUCATION

MS in Applied Physics (Nanotechnology)

Lviv National Ivan Franko University, Physics Faculty
